

YOUNGPREENEURS PROJECT

Youngpreneurs

PROJECT UPDATES

As the YOUNGPREENEURS project is nearing completion, the partnership has been **fully engaged in final implementation and dissemination activities**.

Over the last few months, all partners have been working hard to **maximise the visibility and impact of the project**, reaching out to stakeholders, youth organisations, educators and aspiring entrepreneurs across Europe.

While the final version of the YOUNGPREENEURS MOOC has been completed and made available online, the focus has now shifted **to ensuring that the project's resources and results are widely accessible**, relevant and sustainable beyond the project's lifetime.

From social media campaigns to local awareness-raising activities, the consortium has **doubled its efforts** to empower young women and strengthen the inclusive entrepreneurship ecosystem.

MENTORING FACTSHEETS

Following the success of the Transnational Mentoring Forum, each partner has developed a dedicated **Mentoring Factsheet** summarising the **national results** and **activities implemented**.

These factsheets provide a **detailed overview of the mentoring process**, number of sessions, key topics addressed, and testimonies from young women who took part in the initiative.

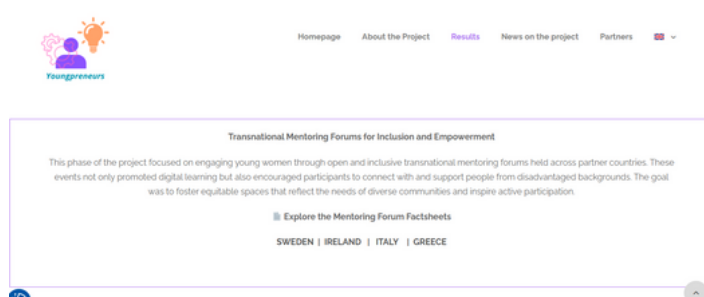

The factsheets are now publicly available on the **project website**, offering inspiration and guidance for future mentoring schemes in support of female entrepreneurship.

Discover the insights from Italy, Greece, Ireland and Sweden!

The Mentoring Forum offered participants personalised guidance and the time needed to develop their business initiatives.

The forum allowed participants to ask questions and engage with female entrepreneurs.

Do you want to know how the sessions went in the four partner countries?

FINAL EVENT IN ATHENS: A CELEBRATION OF IMPACT

On 1st July, the **final event of the project** and the closing event were held in Athens, bringing together partners, stakeholders, mentors and young female entrepreneurs to reflect on the results achieved by the project and future prospects.

The event presented the **highlights of the project, testimonials and interactive sessions** aimed at strengthening the value of transnational cooperation in promoting inclusive entrepreneurship.

NATIONAL MULTIPLIER EVENTS

Each partner organised a **national multiplier event** to disseminate the project results to local communities, policy makers, training institutions and aspiring entrepreneurs. These events provided a platform to present the MOOC, mentoring experiences and participant testimonials, strengthening the **project's legacy and opening the possibility for future initiatives**.

Keep following our channels for future updates and new collaborations!
